Controls On Prices Considered

St. Laurent Says Gov't Studying New Legislation

OTTAWA, Sept. 1.—(CP)—Prime Minister St. Laurent disclosed in the commons to-day that the government is considering legislation concerning price controls.

He made that disclosure in a brief statement in reply to a question from Stanley Knowles (C.P.-Winnipeg North Centre).

Mr. Knowles had asked whether the government planned to bring down price control legislation at this session.

Mr. St. Laurent replied that he was not in a position to answer that question at the moment, but he did add that the matter was "under consideration."

The government's decision, the prime minister said, will be announced "in due course."

2 Missing Schools Sought In High Prairie District

Earlier, the prime minister served formal notice on the commons that the government will, on Monday morning, afternoon and night until the end of its emergency session.

He gave notice that he will move Saturday to add an 11 a.m. sitting to the customary afternoon and night sessions. This will begin Monday—Labor Day.

In addition, the house is foregoing its customary Saturday holiday to meet tomorrow at 11 a.m. However, the prime minister's notice does not indicate there will be further Saturday sittings.

By-Elections Set Oct. 16

OTTAWA, Sept. 1.—(CP)—The government announced today four by-elections to fill vacancies in the Commons have been called for Oct. 16.

The ridings are Rimouski, Welland, Joliette-L'Assomption-Montcalm and Montreal St. Mary.

The Welland seat was vacated by the death of Hon. Humphrey Mitchell, labor minister, and that of Rimouski by the death of Gleason Bellefleur, parliamentary assistant to Finance Minister Abbott.

Caspar Fetter, former speaker of the Commons, resigned the St. Mary seat a few days ago to be re-elected as a member of the Commons.

Georges Laplante resigned the Joliette-L'Assomption-Montcalm seat to take over as Quebec Liberal leader.

Aussie Tennis Ace Eliminated From U.S. Meet

FOREST HILLS, N.Y., Sept. 1.—(AP)—Don Budge of San Francisco, eliminated Frank Sedgman of Australia at the last round of the U.S. open continental—\$5, \$4, 6-2, 6-2, today in the National tennis championship.

By his victory Budge completed the quarter-final round. The match was completed after rain interrupted it yesterday with Sedgman ahead two sets to one and Budge leading 6-2 in the fourth set.

Sedgman's defeat means that the men's title definitely will stay in the U.S.

Try for Vote, N.Y. Sept. 1

LAKE SUCCESS, N.Y., Sept. 1.—(CP)—The western press will all attempt to force a vote in the United Nations Security Council today on the American resolution submitted July 31 which calls on all members to refrain from "assailing or encouraging" North Korea.

Railway Wage Discussions Adjournment Held Probable

OTTAWA, Sept. 1.—(CP)—Government-directed negotiations between the railways and the unions are expected to resume about Friday of next week, union officials said yesterday.

Arrangements between the disputants for their new talks began yesterday but they had not been concluded definitely by night.

Under the Emergency Bill, the parties have 30 days to reach an agreement.

City Mishaps Last Night Injure Three

A rash of traffic accidents last night sent three Edmonton residents to hospital.

In the most serious of these accidents, Mrs. Betty Demoreau, 3033-107 avenue, was thrown from a moving auto and suffered a possible neck and arm injuries and injuries to her forehead and right eyebrow.

The accident occurred on 101 street at 12:30 a.m. when a car struck broadside the car in which Mrs. Demoreau was travelling and she was ejected from control for a distance of 23 feet.

CAUGHT BY TRUCK

Ten-year-old Eugene Rupiah, 1845-55 street, suffered a broken right arm when he was caught between a fence railing behind the Macdonald hotel and a passing truck driven by Ora B. Moore, Rimouski, about 3 p.m.

Pedestrian Leonard Lakota, just three years old, was taken to hospital more severely than when he fell below a car driven by Charlie L. Giesbe, 1963-81 avenue. Giesbe told police he had just passed over 16 street bridge when the boy suddenly crossed in front of his auto at the 92 street intersection.

Let's Get On With The Job, Says F. Hall

MONTREAL, Sept. 1.—(CP)—Frank Hall, speaking to 12,000 rail employees involved in a wage-hour dispute with Canadian railways, today said union members should let bygones be bygones from the nine-day national railway strike.

In a statement, Mr. Hall said the important thing is to re-establish good relationship with the railways and get on with the work.

"In the earnest hope that all unions that agree to be reached with the railways on the basis of a national convention next month will take them out of the controversy talks for at least the next 30 days of the 30-day negotiating period."

Guerrilla Band Enters Greece

ATHENS, Sept. 1.—(AP)—The military of public order said last night that the Communist guerrilla band of 20 men entered Greece from Albania two nights ago.

The announcement was made by a member of the band who killed his leader, surrendered to the Greek authorities and told them they are now an advance intelligence group which has gone to Albania from Poland. Their orders were to reach members of the Greek Communist underground.

Higher Cost For Furs Due In City Soon

That new fur coat for fall is going to cost plenty.

Fur prices have soared and the effect will shortly be felt by retailers.

"An expectation of better retail business and fur supply drove a couple of reasons for the boom in prices," an official of Edmonton Fur Auction Sales, Ltd., said this morning.

He quoted fur prices since July at: muskrat, 30 per cent; beaver, 15 per cent; ermine, 25 per cent; squirrel, 10 per cent; mink, ranch and wild, 10 per cent; and ermine, 20 per cent.

Cloudy Outlook Seen In City By Forecaster

It's going to stay cloudy all day long, according to the weatherman.

Weathermen forecast cloudy skies, clearing tonight and slightly warmer. No rain is expected.

Temperatures will hit the 70 mark.

In the southern part of the province highs of 85 are expected.

Yesterday's high and low temperatures were 67 and 54.

Only a trace of rain fell in the city this morning.

OLD WESTERN SPORT INVASES THE EAST

MONTREAL, Sept. 1.—(CP)—Provincial police said today they have broken up a ring of cattle rustlers in Quebec's eastern townships. They arrested Raul Cote, 30; Roger McLean, 25 and Guy Gauthier, 19, working for the charges. The three have been allowed back pending trial Sept. 22. Police said the arrests ended a wave of cattle thefts in the St. Hyacinthe, Drummondville, Richmond and Granby districts.

Rail Lines Here Back to Normal

Edmonton today shook off the effects of nine days of the Dominion's worst railway tie-up in history and settled back to normal.

In yesterday's major effort by railroaders—back to work for the first time after their unprecedented general strike—the huge backlog of freight and passenger trains stranded here was moved out.

Closely to 1,300 freight and passenger cars, making up 40 trains, were dispatched from the city by railroaders after their first post-strike shifts.

Today, only the normal number of trains wound at the city's crossings. Passenger trains, both incoming and outgoing, operated on schedule.

Curtain Fire Nearly Starts Theatre Panic

Edmonton speak-lookers screamed more at "spook" last night than they did when fire broke out on the stage and destroyed a portion of the Capital theatre stage curtain.

The fire broke out shortly after 7 p.m. and quickly destroyed half of the curtain, but did not panic the huge crowd.

North Woman Dies In Truck Driven By Son

A 50-year-old Athabasca woman was killed when a truck driven by her son crashed into a ditch two miles north of Athabasca yesterday afternoon.

RCMP believe faulty steering caused the death of Mrs. Anna Soloview.

The two-ton truck driven by Lawrence Soloview, 32, careened off No. 2 highway and overturned into the ditch. Driver was uninjured.

Mrs. Soloview died in Athabasca hospital three hours after the accident.

She said Marshall said he would go away if she gave him a kiss.

Blows Hit 2 Vital Positions of Allies

TOKYO, Sept. 1.—Storming forward over their own dead, North Korean troops hammered today at two vital sections of the allied defence line in their biggest offensive of the war.

On the southern sector along the Nakdong river they shoved American troops back as far as 10 miles from flat country between Hyonpung and Yongnam.

Further south, where the Communists are making an all-out drive toward the key port of Pusan, American troops fought their way back into the town of Haman, which the Reds had taken during the day. The Americans pushed on to occupy ridges east of the blazing city.

It was to the north of Haman that the biggest threat was developing. Jumping off at midnight Thursday the Communists swiftly drove a salient four miles wide and eight to 10 miles deep east of the Nakdong river.

Living-Index Goes Up One Point

OTTAWA, Sept. 1.—(CP)—Living costs moved up again during July, but the increase was only 0.3 points from 107.5 to 107.8—a new all-time high—the bureau of statistics reported today.

Higher food costs once more provided the main stimulant for the index climb, but there were increases too, in such other categories as clothing, fuel and light and some furnishings.

With prices higher for meats, eggs, sugar and coffee, the food sub-group moved up sharply from 107.3 to 107.5.

A boost in footwear and pieces of furniture also helped.

The index rose from 106.7 to 106.8—the first climb in that category since October, 1949.

REDS PAY HEAVILY

The Communists were paying a heavy price for the ground they took. All officers of the U.S. 2nd Division told an Associated Press correspondent "Ridings are slackened up by the hundreds, but they're still coming."

Air observers in the southern front also reported a terrible toll in North Korean lives, where aircraft and artillery backed up the American counter-attack.

However, the North Koreans had far from exhausted their effort and were expected to renew their assaults in the Haman sector under cover of darkness.

ALL-OUT ATTACK

Gen. MacArthur's intelligence staff described the assault as all-out. But, he said, it was expected. Fifty thousand Communists were involved—30,000 in three divisions. (Continued on page 2)

East German Reds Stage Big Purge

Highly-Placed Officials Are Ousted By Communist Party

BERLIN, Sept. 1.—(AP)—East Germany's Communist rulers rocked their party and government today with a startling purge of highly-placed officials.

Six party members, including a former Politburo member, were thrown out of the Socialist Unity (Communist) party, the official party newspaper Neues Deutschland announced.

Four more ejected from jobs in the Russian-backed East German government.

More expulsions were predicted.

The party newspaper gave two reasons for the purge—associating with "American spies" and "exhibiting anti-Russian feelings."

Those ejected from the party were:

Paul Merker, state secretary in the agriculture ministry and Politburo member until the party re-organized in July; Leo Bauer, chief editor of radio Berlin; Bruno Goldhammer, deputy to propaganda chief Gottfried Kasper; Willi Krenkewitz, general director of the Sovietization railway system; Lex Zide, former chief editor of Neues Deutschland; and later editor of the Communist Friedenspost; and Maria Wehner, an unidentified party member.

CAN'T HOLD JOBS

Without party status, none of them can hope to retain their state jobs, Bauer is known to have been thrown out of the radio station already. Goldhammer has not been seen in Bauer's office recently.

The purge action, Neues Deutschland said, was taken by the party Politburo in the direction of the party's secretary-general, Walter Ulbricht, named to that post five weeks ago. The same party post in Russia provided Joseph Stalin with his springboard to power.

Neues Deutschland admitted that the German Communist party's ranks are crowded with members who no longer care if they Russian dictates without question. This is

Defence Ministers To Study Progress

LONDON, Sept. 1.—(Reuters)—The five Western union defence ministers will hold their eighth meeting in London Sept. 3. It was announced here tonight.

It was understood the ministers would discuss defence progress since a meeting of their foreign ministers at The Hague the beginning of this month. The five countries in the Western union are Britain, France, the Netherlands, Belgium and Luxembourg.

Dynamite Kills Diver By Accident

PARIS, Sept. 1.—(Reuters)—A diver was blown to pieces at St. Nazaire yesterday when he accidentally set off an explosive charge aboard a launch. Two mechanics were badly injured and the launch sunk.

The explosive was for demolition work aboard the British troopship Lancastria, sunk with loss of more than 2,000 lives by German air attack in 1940.

Reds Launch Greatest Drive

(Continued from page 1)

Another 20,000 Reds were in reserve.

An American division pulled back eight miles to brighten at Yongpung on its own left flank. The position was only 12 air miles west of the main highway from Pusan to Taegu. Allied communications and supply hub in its central sector.

The Red bridgehead was reported in field dispatches as wider and deeper than the one established on the east side of the Nakdong two weeks ago. That one was wiped out by a reinforced United States division.

Field dispatches said the Reds crossed the Nakdong in 17 points cutting off two American battalions who were fighting their way back to the new line.

Earlier field dispatches reported as North Korea established a road block behind American positions 25 miles southwest of Taegu. **USE ALL PLANES**

The entire might of the United States Seventh Fleet's carrier planes was ordered into the battle. They joined American and Australian fighters in close support of ground forces.

One unarmed American observation plane was shot down by the first Yak fighter reported in action over the front since the earliest days of the war.

American helicopters hovered over the battle. While bullets whined around, the "rotors whirled close to the ground and picked up American wounded where they had fallen.

Two Missing Schools Sought

(Continued from page 1)

school division board attempting to move the buildings back to their original grounds met with a barrage of protests from district residents who said they were "guarding" the buildings.

The board officials retreated.

PUPILS

The contentious school buildings which can accommodate about 60 pupils were operating in a public school district.

Predominantly Roman Catholic, the district is not eligible to operate a Catholic separate school since separate schools are a privilege of minority religious groups only.

But Roman Catholic Bishop Henri Roulier of McLennan denies that the stolen school case

arises from a religious clash.

"The church has nothing to do with the moving of the schools," he said. "The only reason church property was selected as the new site was that a dormitory is available there."

BRUNEAU DISTRICT

One of the schools was originally located to serve the Brunneau school district and the other to operate in the Lamby district, both components of the High Prairie School division.

Their new location places them in the Jan Cole district, north of Gravelly.

Residents of the district have sought to have the schools placed in a more centralized location for three years, Bishop Roulier said.

Yesterday the clash reached provincial government top levels. The acting premier with several members of the cabinet, education

Pay Increases Spur Enlistments

LONDON, Sept. 1.—(Reuters)—New pay increases for British troops have brought a rush of recruits for the army, navy and air force, recruiting officials said yesterday. All recruiting centres in the country were said to be busy.

Department and RCMP authorities conferred and agreed to issue a warrant to search the church property for the school buildings.

"All we could do is order the police to issue a search warrant."

"When the police find the schools, the persons on whose property they are located will be ordered to put them back on their original sites. A charge of retaining stolen property will likely be laid," Dr. Crou said.

FREEDOM...

CANADA NEEDS

MEN TO TRAIN AS ANTI-AIRCRAFT GUNNERS

A major requirement of Canada's defensive system today is men trained for anti-aircraft operations. Charged with the defense of vital areas, the men of the anti-aircraft units are equipped and trained in the use of modern scientific equipment—electrical, radar, radio and telephone.

These are very few more important jobs than service in an anti-aircraft unit for young men who want to make sure that Canada is well defended against any eventuality.

To enlist you must—
1. Be a Canadian citizen or British subject.
2. Be between 17 and 29 years of age.
3. Be single.
4. Meet Army test requirements.

Prices Still Climbing

Commodity prices in Canada, says the federal bureau of statistics, have reached their highest level in history.

The index for July was 166.9 as compared to 165 in June and 166.5 in July 1949. Indications are that the level is still rising through August.

The Edmonton Bulletin has taken the view that some government action should be taken to effect a trend in this change.

It does not mean that this newspaper advocates price fixing as a policy, which critics appear to be believing.

It is admitted that price fixing should be the last resort of governments, that price fixing is intolerable without that price and cost production, which will be up to parity with demand, is the only permanent cure for excessive prices.

We will go further than that and state plainly and clearly that the whole business of planned economy is abhorrent to the democratic conception of government.

But how can a nation afford to wait for the leisurely process of economic law to run its course and then to be faced with the discrepancy between these

two, expressed in excessive prices, has created a situation where the national health is jeopardized and where appalling living costs continue to promote labor unrest.

No one is asking the government to take extreme or heterodox measures.

Certainly this newspaper is not asking for price control if price control can possibly be avoided.

But we do ask that government cost accountants investigate the spread between prices and costs so that nobody can take advantage of high costs to inflict a disproportionate charge on the public.

We do ask that the government investigate the entire price structure of Canada and take whatever sound, economic measures are as desirable and necessary without infringing upon the democratic rights of anybody.

The government does not need to embark upon a course of planned economy when it merely seeks to interfere with that vicious circle, composed of labor costs and prices, that right now is threatening the life of the nation.

Moreover, Formosa is the property of the victors in World War II.

It was Japanese territory before that war, having been acquired from China by force of arms before the turn of the century and continuously ceded to China.

China was promised return of Formosa when a peace treaty was concluded. But no peace treaty has been concluded or even written.

Thus, Communist China has no more right to Formosa than Chiang Kai-Shek.

It is no man's land. Probably the best technical claim could be laid to it by the United Nations, as natural custodian of conquered areas.

MacArthur's point was that Asia cannot be defended against Communist aggression without some Asiatic footholds from which to repel that aggression.

As a military tactician, he included Formosa among those necessary footholds.

His advice was proper. His conclusions were apparently sound.

It is unfortunate that he had to be humiliated for saying what was necessary to say.

Some Alberta farmers have been backed against the striking railway men with a demand for legislation that would make the calling of such a strike a crime against the state.

It would be to their benefit if they were to plan to hinder, and if they can't help, we would like them to plan to hinder.

KINGSMERE, Quebec—Since Macdonald King's death most Canadians seem to have felt a compulsion to understand him as a man, as he was never understood while he lived.

In Ottawa, particularly, there is already a great deal of talk of a Mackenzie King legend in which the former prime minister emerges as a somewhat mystic figure, yet with a stature few people seemed willing to concede him in his lifetime.

The thousands who filed so solemnly past his casket to stare down the heavy face of a man they never knew, the crowds who are still visiting Laurier House, his home in Ottawa, and the beautiful summer estate here in the green Gatineau hills, reflect a kind of collective realization that Canada had known the statesman and politician without understanding him.

Just What Does Truman Mean?

Canadians find it difficult to understand what President Truman means by his order directing the withdrawal of General Douglas MacArthur's message to the Veterans of Foreign War in the strategic importance of Formosa.

General MacArthur said, in this message, that the safety of the United States depended upon Formosa remaining in friendly hands.

President Truman ruled that this statement was improper because Formosa's future must be decided at the international level. He implied that MacArthur was going over the heads of the administration in public discussion of such a matter.

We fail to see how Formosa is MacArthur's policy and administration policy.

We fail to see why MacArthur exceeds his authority, both as the commander of United States forces in the Pacific and as United Nations commander in Korea, when he offers technical advice on a technical matter which he is eminently fitted to discuss.

President Truman had already indicated his decision to defend Formosa against Chinese Communist aggression.

Value of a Good Example

The city police are performing a valuable service to safety through their participation in the various exercises of Traffic Safety Education Week.

But these services could very easily lose their value if the example set by the police are not as convincing as their precedents.

For instance, when a police patrol car violated the law by blocking U-turn in the middle of the block between 102 and 108 avenues on 98 street on Wednesday,

it did more damage to traffic safety than the whole week's traffic preaching could repair.

Of or what force is traffic advice and instruction when the police themselves deliberately break those regulations they themselves are trying to put into effect?

Of all persons, law enforcement officers should be most scrupulous in obeying the law.

Police are never above the requirements of the law. They are, or should be, most completely subject to it.

Don't Sell Donald Gordon Short

The attacks on Donald Gordon in the house of commons and elsewhere are thoroughly unfair until authenticated accounts of the strike negotiations show that the CNR president deliberately avoided a settlement.

Already President W. A. Mather of the CPR has said that the charge made by M. J. Goldwell, the Mr. Mather of U-turn, ended the negotiations without cause, is entirely false.

This unimpeachable testimony creates the suspicion that other charges of obstruction laid against Mr. Gordon may be equally false.

CNR, says that this generation of the outstanding Canadians of this generation.

This letter—and I know it is plenty presumptuous—is to point out to you that you have a right to be of it yourself, how important it is to millions of people in this world who are looking for a light in the dark that never happens.

60 Million Each Week

Approximately 60 million people go to the movies each week, and at least half of them, I am sure, are looking for a light in the dark that never happens.

And that, my people, is more than the average movie could do to help a person to see a light in the dark that never happens.

It goes down to this, Judy: in the movie business, and in the world, we are as much a national

It is difficult to believe that a man who did such an excellent job in the Bank of Canada and in the Wartime Prices and Trade Board would be so stupid enough to deliberately provoke a railway strike.

It is natural that railroaders would like to see at the head of the CNR a man with practical railroad experience. Perhaps a few many other Canadians share that hope.

But the problems of the CNR are much more than operational.

Police are never above the requirements of the law. They are, or should be, most completely subject to it.

Monopoly Control Said On Increase

Co-op Union of Canada Asks Wide Publicity for Practices

OTTAWA, Sept. 1.—(CP)—The Co-operative Union of Canada today said there is increasing evidence of monopoly control in Canadian business and industry and urged that the widest publicity be given to restrictive trade practices.

The union, which represents co-operatives across Canada, made known its views in a brief presented to a special government committee considering means of tightening up regulations under the Combines Investigation Act.

Sizing it is seriously concerned over the increasing evidence of monopoly control, the union declared this evidence as:

1. Increasing concentration of ownership and control.
2. Setting of price structures on the basis of least efficient industrial units.
3. Collusion in submitting tenders.
4. Retale price maintenance, that is, failure to permit a certain level of competition from manufacturer and distributor.
5. Control in division of markets.
6. Restriction of supply to selected customers.
7. Growing domination of Canadian firms by foreign principals.

SOME TIGHT LINES

Co-operatives particularly, said the union, have felt the pressure of monopoly control in cases where manufacturers allegedly have declined to supply goods available to their competitors.

The union said greatest difficulty has been experienced in obtaining supplies of cement, steel products, ammunition, textiles and tobacco. To help combat this alleged threat to the consumer's welfare, the union proposes certain amendments to the Combines Act including:

1. Incorporation of public utilities, transportation and broadcasting within the meaning of the legislation.
2. Addition of a section which would presume that monopoly devices which substantially eliminate competition operate in the first place.

Problem Of Church Told

The major problem of the church today is to adopt a form of faith that will prove adequate to the needs of modern man.

That is the opinion of Professor Wilhelm Pauck, director of historical theology at the University of Chicago.

Speaking to an audience of clerics and laymen at the Regent's College, where the Alberta Conference Summer School of Religion is being held, Pauck said:

"The only positive possibility is an ecumenical movement of church unity in which the differences in the various creeds are recognized and related to one another."

"There is also the question of social order. It is obvious that Protestantism based on personal freedom cannot be associated with Communism."

"The people of Europe have been quicker to realize this than those of Canada and the United States. The problem of Communism versus capitalism must be recognized and a suitable solution formed."

Alcohol Claimed Possible Cause In Girl's Death

"Large amount of alcohol may have contributed to the death, cause still unknown, of youthful Jean Ryker, found in a downtown rooming-house Tuesday night."

Analyst Dr. A. Hanson said today the preliminary examination of the girl's vital organs revealed the presence of the alcohol but further chemical analysis is being carried out to establish possible other causes of death.

The paroliarian girl, estimated age 19, is believed to have come to Edmonton from Dawson Creek.

Britain May Cut Rubber Supplies

LONDON, Sept. 1.—(AP)—Britain may move soon to cut its mounting sales of rubber to Russia on the Singapore free market, diplomatic officials said yesterday.

Russia gets about three-fifths of her raw rubber supplies from the British-controlled Malaya Federation.

Douglas Charged With Spying

LONDON, Sept. 1.—(AP)—Moscow radio charged again last night that Justice William O. Douglas of the United States government is spying for his country in the Middle East, using mountain climbing as a guise.

The Russians made the same charge when Douglas, whose various outdoor hobbies include mountaineering, went to Iran last year.

Bakery Combines Case Decision Is Reserved

CAIGARY, Alta., Sept. 1.—(BUP)—Decision was reserved by Mr. Justice Boyd McBride here yesterday on an application by six western bakeries that combine charges against them be quashed.

McBride said he may announce his findings by Sept. 11.

Defence and crown lawyers prepared seven days of legal argument before McBride, as the bakeries sought to have voided a decision by Magistrate G. R. Hone last April 18 that they had tried on charges of combining to fix and restrict prices.

If McBride orders a trial, it will probably start at the end of October.

OTHER CHARGES

At the same time there were indications that if McBride decides to quash the crown accusations, other charges may be directed against the bakeries.

Today, C. S. Blanchard, KC, agent for the Alberta association of bakers, made application to lay a new charge, but then withdrew the application without revealing the nature of the contemplated charges.

Accused were: McGavin Baking Ltd., Winnipeg; McGavin Ltd., Vancouver; McGavin Ltd., Edmonton; Canadian Baking Ltd., Calgary; Weston Bread and Cake (Canada) Ltd., Winnipeg; and Edmonton City Baking Ltd.

Blood Donated By U.S. Jail Inmates

BANKINGTON, N.Y., Sept. 1.—(AP)—Blood donated by 212 inmates of Clinton state prison will help some of the fighting wounded in Korea. A Red Cross mobile unit from Syracuse collected 106 pint units of blood yesterday. Walter J. Vernal Jackson reported.

BRUSSELS, Sept. 1.—(CP)—The Belgian cabinet has voted to increase the period of compulsory military service, set up new infantry and armored divisions, strengthen the air and naval forces, and organize civilian defence, it was announced.

Revaluation Talk Discounted

LONDON, Sept. 1.—(Reuters)—The Financial Times today discounts what it calls "stock exchange rumors" that the Canadian dollar is to be revalued upward soon.

"However, one can never tell on these currency matters," the paper says.

One-In-Million Chance Given to Ailing Woman

LONDON, Sept. 1.—(Reuters)—Only three people in 1,000,000 have the rare type of blood which can help an ailing London woman.

A week-long search has been going on for blood donors of the correct grouping. An international appeal has so far been unsuccessful, although inquiries have come in from many countries.

Mrs. Kathleen Hall, 46, is waiting in hospital here for an operation to cure her congenital intestinal bleeding—a complaint which runs in her family.

Her blood pressure is less than one-half normal. Before the operation can be performed she must have blood transfusions to build up her resistance.

EMERGENCY SUPPLIES

But no surgeon will operate unless emergency supplies of extra blood of her special type are also available. No other type will mix with hers.

Mrs. Hall's case was described last night as "one of the most urgent in the history of blood transfusion."

She entered the hospital last week, and her case has increased her reserves, but no further action can be taken until the right type of blood is found.

Positively of B17,600,000 and an ordinary surplus of \$13,750,000.

Technical staff they tested 700 samples in four days. Of these, only one in 100 of the people with the correct grouping would be homologous, giving a chance of one in 100,000 of the correct grouping being found for Mrs. Hall.

But, as well, two out of five persons satisfying these conditions would have blood of another subgroup, designated by the letters O RH/CD/E.

The chances are therefore three out of 100,000. The one homogenous donor whose blood had been secured was found to belong to the subgroup with the DU in the designation instead of the O RH/CD/E.

Canada Pledges Share In Defence

External Affairs Minister Makes Statement In House

OTTAWA, Sept. 1.—(CP)—External Affairs Minister Pearson today pledged Canada to bear her "proper share" of the burden of collective defence against Soviet aggression should it flare into the open anywhere in the world.

Secret Pact Said Agreed In Germany

BERLIN, Germany, Sept. 1.—(UP)—A secret peace treaty designed to cover "all of Germany" has been agreed upon by Russia and the Communist government of East Germany, West German officials said today.

The separate peace treaty, which is not yet complete, calls for the withdrawal of Soviet occupation troops from East Germany within six months of the final signing and the creation of a 250,000-man armed force in East Germany.

(John J. McCloy, U.S. high commissioner for Western Germany who arrived in Washington for departmental consultations, said the reported agreement was part of a general Communist propaganda offensive.)

When the United Nations Security Council was in session in January 1948, Russia and the other signatories agreed not to enter into separate peace agreements.

SECRET TREATY
The secret draft treaty, reported by the West German ministry for all-german affairs, appeared to be in violation of that covenant. Ministry officials said West German Chancellor Konrad Adenauer and his government have known for 10 days that the secret treaty exists.

The assertion that the completed treaty would be valid for "all of Germany" would give Communist-controlled East Germany jurisdiction over the western allied zones of occupation and the area of the West German federal republic.

Hudson Follows Increase Pattern
DETROIT, Sept. 1.—(AP)—The United Automobile Workers' Union (CIO) said yesterday the Hudson Motor Car Company has granted a seven-cent hourly wage increase to 20,000 employees.

Hudson said it becomes the fourth automobile manufacturer to accept the current wage pattern. The others were General Motors, Chrysler and Packard.

Canada's Defence Cost Soars to \$140 Millions

OTTAWA, Sept. 1.—(UP)—Defence Minister Brooke Claxton admitted last night the Dominion's defence preparations program this year would cost the nation between \$140,000,000 and \$150,000,000. The cost would be higher, he said, if the international situation deteriorated.

Claxton told the common during debate on the Throne Speech that his estimate of defence costs was over and above the \$45,000,000 voted for defence during the fiscal year.

"The figures also do not take into consideration assistance we will be giving to the North Atlantic organization and the United Nations," he said.

Laying the government's plans before the House, the minister said the Canadian special services brigade will be through its basic and advanced training 10 weeks from now.

He revealed the force would have a strength of 6,775 officers and men, plus a reinforcement pool of 3,000 men. The force will include 1,000 specialists from the active force.

"We expect this force to be through basic and advanced training 10 weeks from now," he said.

The brigade, he said, was now up to strength except for certain classes of tradesmen. The number of men enlisted to date totalled 3,270 and 20 per cent of that figure were veterans, he said.

Britain's Jebb Takes Over

LAKE SUCCESS, N.Y., Sept. 1.—(AP)—Britain's Sir Gladwyn Jebb took over today as president of the United Nations Security Council, determined to end Russia's Jakob A. Malik's month-long stalemate of pending council moves to localize the Korean war.

A spokesman quoted Jebb as saying: "We shall turn the calendar back to July 3. We shall pretend that Malik has never been president, and get on with our work."

At today's council meeting Jebb was reported to have planned as the first order of business the seating of a representative of South Korea and the refusal of a place to a North Korean envoy.

Malik had, through one parliamentary move or another, prevented this action while he held the presidency during August.

Then, the British spokesman declared, the council would take up the Korean question and the North Koreans to be the aggressors and calling on all UN members to refrain from aiding them.

Coast Belters Feature Card

The blond kid in the bright blue boxing trunks wasn't having it easy. He had a bloody nose and several red welts were distributed over assorted sections of his torso.

But the 15-year-old youngster kept whaling away mightily on the off chance that he might catch the artful adversary with that one good punch which would turn the tide of battle in his favor.

As it developed, Buddy McDonald, of the Edmonton Boys' Boxing Club, failed to catch that blow in the Stock Pavilion last night. And at the final bell Les Walters of Vancouver was clearly the victor in the five-round main event on the EBB's amateur fistic program.

WINS C.C. TITLE

Talented young Jack Mahon defeated a low net of 72 yesterday at the Country Club, to win the club's juvenile championship.

Runner up, with a low net of 77, was Cliff Carstairs.

Frank Oliver Loses In East Net Meet

OTTAWA, Sept. 1.—(CP)—A dark-haired miss from the Maritimes, Carolyn Flemming of Truro, N.S. won honors yesterday at the Canadian junior tennis championships and a chance at the girls' singles title.

Playing an easy but steady game, Carolyn defeated the seeded player, Bonnie Barbara Proudfoot of Toronto Cricket club, 6-4, 6-3, in the semi-finals of the "under-15" event.

The win makes Carolyn, holder of three provincial tennis titles, the first Nova Scotian to move into a Canadian junior singles final.

Another Nova Scotian, top-seeded Jim Scriven of Halifax, won handsily over Frank Oliver of Edmonton, in the fourth round of the men's singles. The score was 6-4, 6-2.

Westerners such as Barbara Wood and Jim Killean of Vancouver and Bill Hope of Saskatoon, vied to some time honors for their hometowns during the day.

Glamor-Gal Nancy Chaffee Upsets Brough Applegate

ONETIME PUCK GREAT EDDIE SHORE VISITS

FOREST HILLS, N.Y., Sept. 1.—(AP)—Nancy Chaffee, new glamor girl of American tennis, succeeded yesterday where Althea Gibson failed, and this time there was no question about it—Nancy won.

Walters weighed 126 pounds, McDonald 127.

The 15-year-old Walters has been around the world zone, having represented this country in the British Empire Games at New Zealand last winter. His week-end record in the big show was 1-1, but there were those who say a bum day cost him the 126 pound title.

In the second half of the main event, steezy Gordon Riddell knocked out ratty Bob Rogers at the end of the third round of the midweight scrap. Both boys are from the EBB.

Another coast boy, Bob Shiras, scored a clean-cut decision over Edmonton's Hank Smith in a 125-pound semi-final. Smith, who is the dominant amateur featherweight champion, was forced to spend all the way against the stylish Shiras.

Other results on the entertainment card followed.

Bill Spring, 148 EBB, defeated Johnny Irwin, 131, Edmonton, in a consolation Harold Demko, 130, Edmonton.

Neil Neilson, 64 EBB, defeated Ken Paulsen, 73, Barrhead, in a consolation Terry Demko, 73, EBB.

Brownish was stopped by Dick Savitt, rangy Cornell University student, 34, 6-4, 6-2, 6-3.

Art Logan, Pan Francisco, defeated Fredrick, 6-3, 6-4, 6-2, 6-3.

Yusuf, Gardner Mulloy of Miami became the first player to reach the quarter-finals from the upper bracket when he ousted Tormis Johansen of Sweden, 6-4, 6-2.

Anderson Sock King As Eskimos Routed

Stan Moher

Sports Editor

Who's This Gil Hodges, Anyway?

Bernie Anderson hasn't good hitting form. He has very good hitting form, as the Eskimos will be quite prepared to agree, after what the Dodger outfielder did to them at Renfrew Park last night.

Gil Hodges, the Brooklyn ball-buster, may have staged quite a home-run show at Ebberfs Field, what with tapping the Boston Braves' hurling staff for four round trippers at a single sitting.

But Anderson, the former Vancouver bat-boy, had the Renfrew boo-birds in his hip pocket, too, before he got through for the night.

There was nothing cheery about the pair of homers this modern version of a 'Babe' Herman lifted over the right field fence.

The Anderson shot in the fifth inning cleared the barrier by 20 feet. When it came time to unload another fourmaster to the same section in the ninth frame, the margin of safety was even greater.

Today, then, the Anderson wardrobe has been embellished by two new hats, courtesy haberdasher-sportsman 'Al Pickles.

For their part Eddie has been embellished by nothing more or less than a group headache.

Triumph of power over armica and diathemy, one might label Hodges' whopping 15-4 conquest of the pacesetter during the regular season.

For one thing Eak shortstop Bob Lillis, who topped the league in hitting with a .409 mark and covered ground like a Ruzupio, limped along on one good leg and one bad. Firstcatcher George Bradish also appeared to be favoring his underpinning.

Neither could there be any explaining manager Ed Morris' listless performance behind the plate other than to suggest that his stomach ulcer was acting up again.

In other words Eaks were under per physical on the go in. They were under par both physically and mentally when it was over thanks to Anderson. Barry Robertson, Jim Ryan and Ross Kortgard, the Dodger Sock Boys.

Anderson, by the way, would mind taking a crack at organized baseball next season. Earlier it was reported Brooklyn Dodgers were interested in him, to the extent of being ready to ask him to attend a spring camp.

"But I'd never agree to play Class-D ball," he insisted not long back. "None of that for me."

At 21 it's probably time manager Jim Ryan's sieve gun was taking a shot at O. B. B. if he's ever going to. However, as he says himself, "I could be 18 down there. They'd never know the difference."

The Anderson detractors—and they include one or two right in the Dodger hierarchy—rate him an atrocious fielder. Hence the earlier reference to 'Babe' Herman, butt of many a wisecrack during his major league days because of his efforts with glove on hand.

Still, you can't laugh off the Anderson batting form. And if anyone's trying to laugh off his power display of last night, it isn't Ed Morris.

Verenka-Bolster

On Sept. 6 Card

Another four-round bout was added to boxing promoter Jack Bessie's September 6 card and rostered for the main event with the signing of Fred Verenka and Emil Bolster. They are billed as lightweightweights.

Headlining the show will be a return match between Proctor Hield and George Dunn.

Housewife Swim Queen

TORONTO, Sept. 1 (CP)—Bernice Loney Crandall, 25-year-old Ashland, O., housewife, last night captured her fourth straight Canadian National Exhibition women's professional swimming championship.

Swimming around the three-mile course in one hour, 24 minutes, 48 seconds, she collected the \$150 first prize and another \$150 for winning each of the three legs.

Jessie Lucille Paulsen, Gainsboro, Ont., was second, 13 minutes and 48 seconds behind Mrs. Crandall, while Marion Townsend, Hamilton, finished third in 15:30:21. They won \$750 and \$500 respectively.

Outcome never was in doubt with three minutes after 18 swimmers dived into Lake Ontario to start the second.

Mrs. Crandall who first won the title in 1947, failed by three minutes, 21 seconds to beat the race record of 1:23:34 set in 1937 by Lenore Wingard, Homestead, Pa.

Warwick played last season with coach Laffey Goldsworthy's Buffalo Bisons of the American circuit.

Cloverdale Triumphs On Starling's Goal

Centre-forward George Starling of Cloverdale juniors was the big hero at Clarke Stadium last night.

Starling's goal, on a pass from Gordie Saladin, at 10 minutes of the second half enabled Cloverdale to defeat North Side League 1-0 and win the coveted Jordan soccer trophy for the first time.

It was a grueling, hard-fought game. Cloverdale enjoyed a wide territorial edge but strong defensive play on the part of North Side kept the score sheet low.

Levin put on a strong spurt of power in the dying minutes and twice came very near evening the score.

Following the game, Dr. K. Fuchs, of the Edmonton District Football Association, presented the trophy to Bob Bowen, Cloverdale captain.

SHARING spotlight as Edmonton Mortons edged Vancouver 2-1 in 16-inning fastball thriller in coast city last night were Muriel Cohen, left, and Millie McAuley. Former pitched entire game for victors, third-sacker McAuley scored both runs.

Mortons Win In 16 Innings

VANCOUVER, Sept. 1.—(CP)—Edmonton Mortons took top honors in endurance last night as they trounced Vancouver Western Mutals 2-1 in the 16-inning first game of the western Canada senior girls softball final.

After the 1:30 hour saw the start of the best-of-five series.

Mutals looked little like British Columbia champions and were saved from early defeat by the pitching of Irene Walker, repeatedly called on to pitch her mates out of tough spots.

The former Regina girl gave up only four hits.

Her mound opponent, Muriel Cohen was equally effective. Edmonton's main stay all season, she scattered six hits and struck out 13.

Edmonton broke the string in their half when Millie McAuley doubled into left field. Two successive errors accounted for her scoring.

Vancouver came right back, catcher Ginny Lyon scoring.

From then until the 16th, both clubs played it close, taking few wild chances.

Neither team was able to score until the ninth inning.

Coach Stukus Dissatisfied With Showing Of Reserves

Strong reserves are the kind of pottage in which Eskimo football coach Anna Stukus likes to have his spoon. It is out of that sort of thing he hopes to dig a Western Conference champion.

But the Eskimo chief is plainly disappointed with some of the men he had counted upon to give him a strong bench this season. So he bluntly last night following a two-hour drill at Clarke Stadium.

"I am dissatisfied with some of the hired help who had been slated to see nearly as much action as the first stringers. Why, some of the guys we had on the club last year aren't even fighting for their jobs this season."

Stukus accused no one in particular of being guilty of degging it. But he indicated that the football life would not be a bowl of cherries for some of the Edmontonians the next few weeks.

Meanwhile, Stukus plans to shoot the works in their two-game home - and - home series against Calgary Stampedeers this weekend. "We'd like to win both of them," was his comment, "and we'll likely use every man, including Jim Macrae and Mike King." Both Macrae and King have been on the injured list.

The Calgary-Edmonton jumping liberty will see the air filled with footballs if the weather comes up dry. Edmonton's Lindy Berry is regarded in some circles as the most dangerous passer in the west and in Morris Haley he has a good friend. Berry is a right-handed thrower. The Stampedeers' attack of course, has featured the Keith Smith-Woody Strode-Sugan foot. Anderson senior combination for sometime now.

Thus, victory in the weekend contests could well fall to the team with the best pass defense.

It was two Vancouver errors followed by a base hit by Helen Sheering, that broke the game open. Millie McAuley reached second on two errors by Julie Dunsen.

Second game of the series goes tonight, with the third scheduled for Saturday.

Son, I'm getting old. Get me my glasses from the kitchen table, will you?

Sure, Pop! But you're not old!

Well, maybe just mornings and evenings. But they seem to be getting closer together.

Thanks, Corky. I'd get them myself, but my joints like the status quo. They don't like to change.

You're just as epy as us youngsters.

We try to believe it, but steps are growing taller and steeper, blocks longer and breath shorter.

And don't smile when we get a bit coltish. We're not trying to kid you, we're kidding ourselves.

There are compensations. We don't do a lot of things because other people think we should.

That's something!

Our wives say, "he's a stubborn old mule", and stop arguing.

At least, you kids are polite, and laugh when I tell you stories I've told a dozen times before.

I'm absent-minded and admit it. My only alibi is "so what?"

Yes, I've got to where, if big things go wrong, I can take them and not bat an eye.

But if little things go haywire, that's when I blow my top!

On the TOWN...

By Jack DeLong

My Own Strike

Now the railway strike is over, here are a few things I'd like to go on strike against: (1) People who call me "Shorty." (2) People who observe with accurate candor: "Your hair is sure getting grey." (3) Guys who talk you out of pool games and tout you off the horses you should bet on. (4) People who can't take a joke. (5) People who joke about me.

Even my kid has a beef against Donald Gordon. His poppishship hasn't arrived from the east yet. He insists shipment should top priority.

Post strikescripts: I've some ORNDs tonight for some courteous railway officials. I mean, CNK superintendents J. P. Cooper and E. G. Skelding; CPR assistant superintendent J. L. Hall and chief clerk G. Jackson and V&A general manager J. M. McArthur. Also the many department heads of all the railways for being patient and co-operative to newspapermen at a very busy time Wednesday night.

My special correspondent reports residents of Spruce Grove all pepped up by return of rail service. They had a \$25 pool on time of first choo choo's arrival in the Grove.

Out at Redwater the folks were really excited. Royalties Oil executive Reg Hammond tells me the whole town turned out to cheer arrival of first train yesterday afternoon.

I have to run this near-liebelious letter just to fill the space: (Besides, I think it's rather good.)

Dear Jack DeLong: You simply cannot do this to me.

The other day when I was attending to my kaffe-clutching in one of our local cafes, the guy sitting on one side of me nudged me in the ribs, and nodding his head in the direction of a little man wearing the remains of what the head-hunters had left after smoking a pugilist's head, said "That's Jack DeLong sitting on the other side of you."

I've been reading "On The Town" for quite some time and I have been picturing you as a tall thin guy addicted to brown suits with sagging pockets and having mousey colored hair. Your poetry is definitely what the tall thin guy wearing a brown suit and having mousey colored hair would throw off with a mail moon.

As I cannot suggest that you change your face I would put it to you that you might out that fact. No self-respecting bird would regard it as stuff that it was strictly for.

Yes I know I'm ending on a preposition—so what. Lovingly yours, Chlorophyll Connie O'lynn.

Editor's note to Chlorophyll Connie: Think there must be a misprint in your closing line. Some letters I get end with a preposition.

A sympathetic goodnight to all and especially to people who don't like my looks.

Men Work, Women Idle At Rotary Club Picnic

Edmonton Rotarians forsook their usual weekly luncheon yesterday to take picnic at Victoria Park.

Nearly all of the crowd of 450 partook in the shoe, egg and spoon, open (at least, married women's) sack races.

Bob Moore gave a display of model airplanes.

At 5:30 p.m. men members of the party served lunch. Womenfolk, just sat back while the men dished out cold-pilates, corn-on-the-cob and ice cream.

John Mitchell and Joe Greer arranged the picnic and J. Percy Page supervised events. Rotary Club president D. McArthur acted as event score-keeper.

Famed Sisters' Father Wants Them Reconciled

VICTORIA, B.C., Sept. 1.—(BUP)—An aged man made a fatherly request today to his two famous daughters. Walter De Havilland, 78, asked film stars Joan Fontaine and Olivia De Havilland to end their bitter, personal feud. He asked his actresses to reconcile only after he himself ended a 17-year estrangement with Miss Fontaine yesterday when she visited him on his birthday. "Seeing Joan again after all these years has been a glorious birthday present," De Havilland said. He said he wanted his daughters to forget their long-standing personal feud which has kept both Academy Award-winners from talking to each other for the past three years. De Havilland did not mention the third corner of the family feud, in 1940 he charged Joan and Olivia refused to answer his letters and wouldn't help him financially. 1,615 Polio Cases

WASHINGTON, Sept. 1.—The public health service said yesterday that 1,615 new cases of polio were reported in the United States last week, an 8.6 per cent increase over the previous week. For many years machinery, not including farm machinery, has been the leading or among the first three principal commodities imported into Canada. But yesterday in the dinner of the Seattle Victoria Chess Club the father saw one of his daughters for the first time in many years. "It was a bit dark, and I didn't recognize her at first," he said. "All I saw was a beautiful young lady."

Pope Pius Ends 18-Day Holiday

CASSEL GANDOLFO, Italy, Sept. 1.—(Reuters)—Pope Pius today ended his 18-day vacation—the only one he will take during his present stay in the Vatican—by his daily audiences at which he personally receives between 200 and 300 people. He is expected to remain at Castel Gandolfo possibly as late as November before returning to the Vatican.

Vacuum Builds London Refinery

LONDON, Sept. 1.—Reuters—A \$20,000,000 deal between American and British oil companies was announced here today. The Vacuum Oil Company, a British subsidiary of the American Society-Vacuum company, will take over a site on the Thames estuary for an oil refinery with an 850,000-barrel capacity. Cost set at \$20,000,000, which will take three years to build, will be \$20,000,000.

U.S. Government Seizes Vessel

SAN FRANCISCO, Sept. 1.—(AP)—The freighter Mary Luckenbach, involved in a collision with the United States navy, hospital ship Benveniste off the Golden Gate last Friday, was seized yesterday by the government which has filed a \$140,000,000 damage suit against the Luckenbach Steamship Company. Eighteen persons from the Benveniste lost their lives. Five are missing and presumed dead. The other 305 were saved.

These homes are complete

In all detail. Built by Stanley C. Adams, one of Edmonton's best known contractors. They are complete with automatic heat controls on both hot water tank and furnace. Full basements, fireplaces, terraced lots and many, many more extras all at the same low price. Government controlled to give the ordinary fellow a chance. These are the buy of a lifetime. Ideal for raising children, or the older folk, too. There are no through streets anywhere in the subdivision. Good transportation and ideal shopping facilities.

Two-Hour Flow of Oil At Spring Coulee Well

National Corduan No. 1 on the southern portion of the Spring Coulee structure flowed off for about two hours after an acid test was run.

Swabbing operations Wednesday were interrupted by a break in the sand line but were resumed yesterday afternoon.

The well was swabbing steadily last night and returning oil. The crude had the same appearance as the Mainburg and Centennial Oil in the northern portion of the 15-mile stretch.

PRESIDENT SPEAKS
Mr. Zander, president of National Petroleum was contacted at the well last night and issued the following statement:

"Results to date on National Corduan No. 1 are highly satisfactory. The well is swabbing steadily and has every appearance of a commercial producer."

Mr. Zander said people would have to get over the idea of a "dry hole" in the matter of a few hours as was the case in Leduc and Redwater.

QUITE DIFFERENT
He said that the characteristics of the Madison reservoir were quite different from the northern fields requiring more acid, more swabbing and yielding oil at a somewhat slower rate but lasting over a very long period of time.

Development report on the Spring Coulee wells was: derricks from National Centennial No. 1 being moved 1500 feet to new location, drilling to start at once.

No. 1 Corduan Tower No. 1 power today but is now shut in for pump installation.

National Corduan Tower No. 1 conditioning hole at top of the National Mainburg No. 2, drilling being 4,300 feet.

Good to good for stockers and feeders, good feeder steers topped at 20.50; stock heifers 20.00 to 20.50; stock cows 17.00 to 18.00.

Veal calves steady, good heavyweights going at 30.00. Grade A lamb bringing 35.00 for the coupe; sheep, some stronger at 12.25 and stage 15.00 live weight.

Lamb are 50c lower, good heavyweights bringing 25.00 to 26.00 off at 24.00 to 25.00 off, with buyers sorting closely. Cuck lamb are discounted 15c.

Noted—Monday, Sept. 4, Labor Day, stock yards will be closed for trading but the usual firms will be provided for the handling of consignments.

SOUTH ST. PAUL, Sept. 1.—(AP)—Good to very good, 1200 to 1300 steers topped at 20.50; stock heifers 20.00 to 20.50; stock cows 17.00 to 18.00.
